## RELEVANT EXPERIENCE

**The Iron Yard** | Atlanta, GA

Jan 2017 – Apr 2017

*Front-end Engineering Student*

The Iron Yard is a 12-week coding bootcamp specializing in highly focused, immersive training centered on language fluency, object-oriented programming, and project-based learning

- Developed a website with the front end written in AngularJS and the back end built using NodeJS and Sequelize, where users review, rate, and comment on their favorite TV shows  
Website: <http://tiy-josh-final-project-frontend.surge.sh/#!/home>  
Code: [github.com/farstrider777/show\\_ranker](https://github.com/farstrider777/show_ranker)
- Created a fast-paced video game using jQuery to render most of the elements to the page. The project was started by systematically writing the tests before the code was written  
Website: [http://tiy-josh-build\\_a\\_game.surge.sh/](http://tiy-josh-build_a_game.surge.sh/)  
Code: [github.com/farstrider777/build\\_a\\_game](https://github.com/farstrider777/build_a_game)
- Matched a mockup to almost pixel perfect standards starting with information from an API call and dynamically generating all the HTML with Javascript
